## ***SPECIAL EVENTS AND NOTICES***

### **AQUATICS CENTER UPDATE**

Recently, the Village of Antioch purchased a parcel of land on the Southeast side of North Ave. (known as the Bitner Farm). This parcel was adjacent to parkland that the Village already owned which made this site just under 20 acres. The Village is planning to build an Aquatic Center and Recreation Center on this parcel of land in the future. The Village Board recently voted to name the future Aquatic Center after Village Employee, Winnie Sorensen who has been employed at the existing pool since it opened in 1958. This existing outdoor pool no longer serves the needs of this growing community. The Aqua Center also requires costly repairs and maintenance yearly.

The Village would like to thank all those who returned the Aquatic/Recreation Center survey either on-line, by mail or fax. We received approx. 600 replies. The Village has hired an architect firm, PHN Architects out of Wheaton IL. They are in the process of compiling the information from these surveys and will then draw up a preliminary plan based on the information received. The Park Board will then review the plan and at that time, a special meeting will take place for input from interested residents. The Village will post all special meetings and park board meetings on the Village Website and at Village Hall.

## **ComEd's CARE**

**Initiative Assists Residential Customers with Rising Energy Prices. Broad suite of programs to help ease impact as nine-year rate freeze ends.**

Customers' Affordable Reliable Energy (CARE) is ComEd's multiyear, multimillion dollar initiative to help residential customers manage their electricity bills in preparation for rate increases coming in January after the nine-year electricity rate freeze expires. Details are available at [www.ComEdCARE.com](http://www.ComEdCARE.com) or at (888) 806-CARE (2273). A rate increase in 2007 is essential to ensure ComEd can recover its increased costs to buy power and provide the reliable service that customers depend on.

CARE includes a variety of energy efficiency, low-income programs and a rate stabilization proposal to help keep residential customers' bills affordable.

**Rate stabilization: Keeping rates low.** ComEd has submitted a proposal to the Illinois Commerce Commission to cap residential rate increases over a three-year period from 2007 to 2009. Costs that exceed the caps would be deferred and recovered over three years, from 2010 to 2012.

**Energy efficiency: Managing your use and saving money.** ComEd has developed a broad program and customer education campaign to encourage northern Illinois residents to use electricity more efficiently. At [www.ComEdCARE.com](http://www.ComEdCARE.com), customers can submit energy-savings questions to the Energy Doctor, access a provider of discounted energy saving products, view energy efficiency tips or conduct an online energy audit. This fall ComEd will provide customers an opportunity to purchase 1 million ENERGY STAR® compact fluorescent light (CFL) bulbs at a discount.

**Low income assistance: Providing help to those in need.** In 2006, ComEd will make a \$1 million donation to the Low Income Home Energy Assistance Program (LIHEAP) to help eligible customers with their electricity bills. Additionally, CARE will offer eligible LIHEAP participants four free ENERGY STAR® CFL bulbs. Other programs will continue such as Reduced Energy Needs for the Elderly, which provides low-income seniors with energy efficient products and services.

Customers will be able to get brochures about CARE at city and municipal offices and public libraries. They also can reach a ComEd customer service representative at a CARE hotline, (888) 806-CARE (2273).

### **Antioch Township Food Pantry**

The Township Maintains a food pantry that is supported entirely by donations. The food pantry provides food staples to our neighbors who find themselves in need. We also provide holiday food baskets for families in need.

### **Mosquito Abatement**

In a continuing effort to improve the quality of life in the Township, for the third year, we have taken a leadership role in mosquito abatement. Working together with the Lake County Health Department we have been treating stagnant pools of water in our roadways. Supervisor Steve Smouse is licensed by the Illinois Department of Agriculture as a larvicide applicator and the Township's larvicide approach uses a safe method to stop the mosquito's development. If we can reduce the number of stagnant pools of water and treat the ones we cannot eliminate, it will go a long way to control the mosquito problem in our community.

### **Township Park**

The Township and Village of Antioch has been working together on the planning for the Timothy H. Osmond Sports Park. 3D Design Studio has been contracted for the park design and an OSLAD Grant application has been submitted to the Illinois Department of Natural Resources.

Congratulations goes to Larry Mondie, he is the winner of the SR22 truck that was raffled off at the Taste of Antioch, \$43,000 was raised for the park. We would like to thank Ray & Mark Scarpelli from Raymond Chevrolet for the donation of the vehicle and to everyone that purchased tickets.

We would also like to thank the Antioch Lion Club, Antioch Senior Center, State Bank of the Lakes & VikingFootball for their generous donations to help make our park a reality.

Please join the Antioch Lions Club on **Saturday, September 16th** at the Antioch Band Shell for **ParkPalooza!** Three Bands will be performing: Alcatraz Rivals - Barstool Soldiers & Crow's Feet - Proceeds will benefit the Tim Osmond Sports Park. Admission \$5.00
